

FIRST ARMY LAUNCHES PUSH TOWARD RHINE

Gigantic Air and Land Battle Rages In Aachen Sector

Attacks are preceded by a heavily concentrated artillery barrage and thunderous drum-beat of thudding bombs

ACTION STARTS IN NEW AREA OF SIEGFRIED LINE

By JAMES M. LONG
London, Oct. 2.—(P)—The U. S. First Army launched a big push toward the Rhine from its positions penetrating the Siegfried Line in the Aachen area today.

Ending a stalemate of almost two weeks, in which German counter-attacks were beaten off while the mighty punch was prepared, Lt. Gen. Courtney H. Hodges' warriors began one of the greatest combined air and land assaults of the European campaign against the entrenched enemy.

The attack was preceded by a heavily concentrated artillery barrage and by a thunderous drum-beat of thudding bombs from hundreds of medium and lighter bombers.

Racing out of gray cloudy skies at about 9 a. m., the planes dropped hundreds of tons of explosives on Nazi pillboxes and gunposts, while in scores of nearby French, Belgian and Netherlands villages the people watched the silver-winged armada unloading its bombs on Adolf Hitler's west wall.

Hardly had the ground stopped shaking from the bombardment before Hodges' veteran Doughboys crashed forward through the smoke and rubble.

The attack was launched at a new sector of the Siegfried Line near Aachen where the Americans already had pierced the enemy defense belt at three places, front line dispatches said.

Crushing two of the strongest German counterattacks in the western campaign, British troops broadened their corridor in Holland today and Americans closed into the entrance of the Belfort Gap and advanced further east of the French city of Nancy.

AP War Correspondent Edward D. Ball, with the U. S. Third Army, wrote that "Lt. Gen. George S. Patton's troops cleared the Germans from Greinewald forest today, knocked out 19 tanks and seized strategic high ground 14 miles northeast of Nancy."

Altogether the British hurled back three counterattacks against their Holland salient yesterday.

A big German counterattack on the American Third Army front was repulsed in four hours of fighting near Jallaucourt, 16 miles northeast of Nancy.

Supreme headquarters meanwhile called on residents of Austria "to prepare for the arrival of the Allies" and to form secret committees to work with the Allies in the administration of local affairs, the purging of Nazis, the preservation of food stocks and the safeguarding of transport and machinery.

Canadian First Army units have captured Calais, the French port closest to England, and have rounded up 5,000 prisoners there today, the commander of the army garrison, Colonel Schroeder, abruptly reconsidering his decision to fight to the death, chattered called it quits Saturday night after 12,500 tons of bombs and shells had rained on his positions. The last German hold-outs surrendered yesterday morning.

Adding to the air of expectancy over the front, the Berlin radio asserted that the British Second Army and the American First Army have massed strong tank forces for a great offensive that would be aimed east and northeast at the Rhineland.

The Germans used flame throwers and armor yesterday in stabs on the U. S. First Army front from east of Aachen to southwest of Prum. Farther south German and American Third Army troops engaged in a four-hour battle at Jallaucourt, 16 miles northeast of the French city of Nancy. The Germans also launched an attack against the American Seventh Army northwest of Belfort. The Yanks are only nine miles from the fortress city of Belfort at the

SURPRISE WITNESS IN LOVETT CASE HINTED

Salinas, Calif., Oct. 2.—(P)—Trial of Mrs. Frances Andrews, 37-year-old heiress to a Pennsylvania oil fortune who is charged with the murder of 19-year-old Jay Lovett, entered its third week today.

The prosecution, indicating it will produce a "surprise" witness in Los Angeles, said the state's case will be conceded Wednesday. Eight women and four men will decide whether Lovett, as the state contends, was slain by Mrs. Andrews because of jealousy, or, as a defense avers, turned her automatic pistol on himself in a moment of dejection.

THOUSANDS OF PLANES OVER REICH TODAY

German Industrial Objectives at Cologne, Kassel In Siegfried Line Area Are Assaulted

WARNING TO DUTCH

London, Oct. 2.—(AP)—A thousand American heavy bombers attacked German industrial objectives at Cologne and Kassel in the Siegfried Line area today while another 1,000 or more planes joined the U. S. First Army in assaulting the west wall near Aachen.

Gen. Eisenhower broadcast a warning to Dutch residents of islands in the Schelde estuary to evacuate before the bombers start work there.

Cologne, fifth city of greater Germany with 768,000 people, is 30 miles east of Aachen, near where the American First Army was attacking the Siegfried line today. The Prussian city on the Rhine is one of Hitler's greatest arsenals and also is a vital communication center for supplying the northern end of the German front.

Kassel, a city of 217,000, is one of the most important German railroad centers in the west. It lies 150 miles beyond Aachen.

The Germans also reported formations over southwest and south Germany, suggesting a two-directional attack from the west and south. One report said some bombers in the north were approaching the Nazi naval base of Emden.

Other forces of speedy Mosquito intruders bombed a rural factory, 30 miles from Handorf, and carried out more than forty small attacks on rail and canal targets in Germany and Holland during the night.

No aircraft were lost in these operations.

Both American and British heavy bombers were idle Sunday after closing the books on one of their busiest months of the war.

The big bombers were over Germany and Holland during the night.

G.O.P. Oratorical Guns To Resume

Albany, N. Y., Oct. 2.—(P)—Republican oratorical guns start unlimbering in salvo style this week, as the presidential campaign picks up again after a brief respite.

Governor John W. Bricker of Ohio, the vice presidential nominee, and Earl Warren of California, who withdrew from the Chicago contest for second place on the GOP national ticket, lead off with speeches this afternoon and tonight, respectively.

Gov. Thomas E. Dewey, presidential candidate who returned last Thursday from a three-week cross country tour, began preparing material today for the final phases of his drive. His next scheduled speech is at Charleston, W. Va., Saturday night, although he may address the country by radio from Albany before then.

LANDS ON HIGHWAY

St. Marys, Oct. 2.—(P)—Lt. Edward G. Finnigan of the navy escaped injury yesterday in a forced landing on a state highway 15 miles south of St. Marys. Finnigan was flying a training plane from Sidney, N. Y., to a Michigan field. As he landed the pilot swerved into a culvert to avoid hitting a pedestrian.

KILLED IN COLLISION

Indiana, Pa., Oct. 2.—(P)—Millard Freeman Walter, 33, of Indiana, RD 2, died yesterday of injuries suffered when his mine locomotive collided head-on with another at the Ernest mine of the Rochester and Pittsburgh Coal Co., Coroner Edward L. Fleming reported.

Pullman To Sell Its Car Service

Philadelphia, Oct. 2.—(P)—Pullman, Inc., notified U. S. district court today that it had elected to sell its sleeping car servicing business and related rail road car manufacturing business in compliance with an anti-trust decree entered by the court last May 8.

Pullman, Inc.'s sleeping car business is carried on by the Pullman Company. Its manufacturing business is carried on by the Pullman-Standard Car Manufacturing Company and subsidiaries.

The anti-trust decree, filed by a special three-judge court, directed the group to give up one of the two businesses. Under the decree there may be no "interlocking directors" among the companies and no officer or director of any one Pullman company may hold securities in any other.

Allies Plunge Into Gap

Allied armies storming toward southwestern Germany have plunged into the Belfort gap to drive within 39 miles of the lower end of the Siegfried Line. General Patch's Franco-American Seventh Army and General Patton's Third Army, attacking on a 100-mile front between Metz and Belfort, turned back numerous German counter-attacks and hammered out gains of three to five miles.

Islands Off Tip of Greece Are Captured

London, Oct. 2.—(P)—The Germans were reported from Cairo today to have given up three islands off the southern tip of Greece in the face of British commando attacks while other advances told of Allied forces driving into Greece from the northwest and of partisans fighting in the vicinity of Athens.

The Paris radio said Allied troops had landed in northwestern Greece on the Albanian frontier and had made contact with Greek patriots.

The official German news agency DNE asserted without confirmation that British airborne forces in Albania had been thrown back near the port of Valona and the coastal stronghold of Himara.

Two days ago the Greek prime minister, George Papandreu, hinted that Greece's liberation was drawing near. From Cairo he announced the signing of an agreement between the Greek government and armed organizations in Greece and said: "Today is the last time we address the nations from abroad. The time that separates us is now very short."

Suits Started Against 4,000 Policyholders

Harrisburg, Oct. 2.—(P)—Insurance Commissioner Gregg L. Neel today announced 4,000 suits were instituted against subscribers of the Keystone Indemnity Exchange, to expiration of the statute of limitations on such suits Sept. 12.

The suits resulted from a 1933 ruling of Dauphin county court under which the Philadelphia automobile insurance firm was taken into liquidation. The court held that each subscriber—members of a voluntary association agreeing to absorb losses as well as profits—was to be assessed for each policy to meet outstanding claims.

Neel said a report filed in 1937 "indicated that the defunct exchange had liabilities of approximately \$500,000 and virtually no assets," and that the amount involved in the suits was less than that figure. He said filing of most of the suits was delayed until the last six weeks before expiration of the statute of limitations to allow payments without court action.

"It was against subscribers who had not complied with the court order that the present insurance commissioner was compelled by (Turn to Page Seven)

In entering the decree, the court directed Pullman to file a proposed plan of separation and said that if the plan proved unacceptable the court itself would make a proposal. The court today took the plan under advisement.

10,000 JAPS ARE KILLED IN PALAUS FRAY

American Control Secure Over Peleliu and Eight Satellite Islets in the Group

SHIPPING LOSS MOUNTS

U. S. Pacific Fleet Headquarters, Pearl Harbor, Oct. 2.—(P)—American control was secure over Peleliu and eight satellite islets in the southern Palaus today, after 17 days' fighting against stubborn defenders and heart-breaking terrain.

More than 10,000 Japanese troops have been killed in the Palaus campaign, Adm. Chester W. Nimitz said today in announcing the islands were "secure," except for two pockets of resistance. One, still vicious, held out in caves on Peleliu's Umorbrogl hill (bloody nose ridge). A second and smaller group of Nipponese remained on Angaur islet, six miles southward.

Southwest Pacific airmen concluded one of their most successful months in the war of attrition against Japanese shipping. In strikes reported today they sank or damaged three vessels, including a 10,000-ton tanker, bringing to 210 their September total of enemy craft of all types sunk or damaged in southern Philippine waters and their approaches.

(In addition, Adm. William F. Halsey's third fleet carrier planes destroyed 160 surface craft of all types and damaged 200 others during their seven-day thrusts over the Philippines.)

American forces held only the tail of the Palaus chain, which includes 26 main islands and a total of 109. But the campaign drove a deep wedge into Japan's strong, prepared Carolines and gave the Yanks at least two airfields for land-based attacks against the northern Palaus and the Philippines, 515 miles westward.

Nimitz reported that "elimination of the Japanese remnants continues."

Southwest Pacific bombers damaged the tanker and a coastal vessel off Zamboanga, southern Philippines, Saturday and sank an 8,500-ton freighter-transport in Tiworo strait, southern Celebes.

Additional widespread American raids ranged from Shumushu, northernmost of the Kuriles, to Ceram and Boeroe, west of New Guinea, hit by 79 tons of bombs. The Japanese Jomei radio reported a 60-plane attack on the oil center of Balikpapan, Borneo, but there was no confirmation.

Ideas Conflict On Peace Time Draft

Washington, Oct. 2.—(P)—Three senators predicted today some type of peacetime conscription for the young men of America.

But the divergence of ideas about the form it could take indicates that the necessary legislation would have a long, twisting route to follow. A program for a year's military service for every able-bodied youth might be diluted by educational and physical training.

As for compulsory peacetime military training, Senator Maybank (D-S.C.) declared: "I'm for it all the way. I think we're going to get it."

Senator Downey (D-Calif.) said he thought the idea "deserves and will receive careful consideration," but he questioned whether the training should be entirely military.

Senator Johnson (D-Colo.) suggested additional educational opportunities might well be provided along with any military training, perhaps through expansion of the reserve officers training corps of the civilian military training corps.

All made their stands in talks with reporters.

Finns Battle Near Swedish Frontier

Stockholm, Oct. 2.—(P)—The Finnish communists said today the Finns had been battling German troops in Tornea, in northwestern Finland at the Swedish border, since yesterday morning.

The communists also announced that Finnish troops had captured an island in the Gulf of Bothnia of Kemi where the Germans were reported carrying out extensive demobilizations. Kemi is several miles south of Tornea.

The Finns are seeking to disarm and intern Nazi forces in compliance with the Russian armistice terms.

Senator Here

United States Senator Joseph Guffey headed a delegation of distinguished Democratic leaders of the state in a brief visit to Warren today. In addition to Mr. Guffey, the party included State Democratic Chairman David Lawrence, Frank Swigart, Democratic chairman of Cumberland county and Joseph Landers, Forest county district chairman. They conferred with local party leaders and expected to go from here to Bradford and Bellefonte.

Morell Given Six To Twelve Years In Pen

Mercer, Oct. 2.—(P)—William A. Morell, strapping 21-year-old farm hand, was sentenced today to a term of from six to 12 years in Western Penitentiary in connection with the death of Mrs. Helen Wilson on a dairy farm here a year ago.

Judge George H. Rowley pronounced the penalty. The youth had been convicted on a charge of voluntary manslaughter.

Morell heard the sentence calmly and made no comment.

Mrs. Wilson, 43, wife of farmer Everett Wilson, was one of three persons found dead on the farm last October 7. The other victims were Mrs. Catherine Wilson, 76, mother of Wilson, and Robert McKay, 70, a farm hand. Two of the victims had been killed with a shotgun and the younger Mrs. Wilson apparently strangled.

A jury in Mercer county court acquitted Morell of murder charges in the case, and also acquitted his ex-sweetheart, blonde Janice Graham, 21, at a separate trial.

Morell appeared in court with 16 other prisoners up for sentencing on varied charges. The court fined him \$1 and cost in addition to the prison term, and stipulated that he should provide a \$1,000 security bond upon his release from prison.

Judge Rowley said his sentence will start from October 9, 1943, the day he was brought to Mercer jail after his arrest with Mrs. Graham.

PLAN NO RESUMPTION OF COFFEE RATIONING

Washington, Oct. 2.—(P)—Coffee drinkers have received assurance from War Mobilizer James F. Byrnes that there will be no resumption of coffee rationing now.

Byrnes said there is a 3½ months supply of coffee on hand or en route and that Brazil has given assurance that 1,000,000 bags will be supplied monthly.

American importers had reported that growers in coffee producing countries had been staying out of the market in order to obtain a price increase, causing the U. S. stockpile to drop.

Byrnes issued his statement yesterday after reports had spread that coffee rationing was imminent and housewives in several communities had started to stock up.

Pacific War Progresses But The End Is Believed Far Off

By HAMILTON W. FARON
Washington, Oct. 2.—(P)—Running far ahead of schedule, with early invasion of the Philippines likely, the Pacific war is nearing a showdown stage, but the end is not in sight.

Strategy adopted by the Japanese high command when American forces land in the Philippines may indicate the future course of the war. Two possibilities stand out:

1. The Japanese may elect to throw major strength into an effort to retain those islands. They are rich in raw materials and also stand as a bulwark of defense for shipping lanes to other enemy-held supply sources to the south.

2. The enemy may conserve his machines of war and choose to fight a holding war

REDS STRIKE DEEPER INTO YUGOSLAVIA

Ground Troops Gain Steadily Along Curving Front 70 to 100 Miles Southeast of Belgrade

200,000 IN POCKET

By DANIEL DE LUCE
Moscow, Oct. 2.—(P)—Russian fighter bombers swarmed over Yugoslavia in round-the-clock raids on German forces as Russian ground troops gained steadily today along a curving, mountainous front 70 to 100 miles southeast of Belgrade in a drive that is bottling up an estimated 200,000 Nazi troops in the lower Balkans.

The Germans were fiercely defeating their Balkan life line southeast of the Yugoslav capital, but yesterday Red army troops, with Marshal Tito's Yugoslav partisans acting as advance scouts, denied Nazi defenses another 23 miles to within 43 miles of the Belgrade-Nis Railway, Moscow announced.

Soviet pilots today reported silencing 50 enemy batteries, destroying five military trains and knocking out scores of trucks and tanks along the vital escape hatch for the imperiled Nazis.

(Meanwhile, an unconfirmed Budapest dispatch from Turkey said other Soviet and Romanian troops had penetrated 22 miles into southeastern Hungary in an offensive aimed at Budapest, Magyar capital less than 100 miles distant. Russian gains in that sector were officially acknowledged by Hungary but their depth was not disclosed.)

(Moscow was silent about the Hungarian drive and about the situation at Warsaw, which was described as "critical" by Polish patriots as Berlin said the Nazis were overwhelming the dwindling guerrillas.)

Soviet progress toward the Morava valley route of the Belgrade-Greece railway was the only important advance claimed today along the entire eastern front.

On the northern flank of the eastern front, a dispatch to Pravda declared the "hour of liberation is near for Riga."

Some 50 miles due east of Riga Red army assault troops forced the Oger river and widened a gap in the enemy line to more than 60 miles, the front line report said.

A German counterattack with a tank division was beaten back with heavy losses and some enemy infantry battalions were reduced to 50 men, prisoners said.

Yeggs Taken After Shooting Officer

Bedford, Oct. 2.—(P)—A posse captured two youths in the mountains here yesterday two hours after they are alleged to have wounded State Policeman Charles K. Pentz.

The policeman was hit with a bullet in the left shoulder, and his condition was not regarded as critical.

Pentz was driving along route 30 six miles east of Bedford when he stopped a speeding car in which two youths were riding. When he began to question them, Pentz asserted one pulled a pistol and fired; the two men sped away in their car, the trooper giving chase.

The pursuit led to a driveway at the city dump, where, Pentz said, the pair abandoned the car, waded across a stream and climbed Booker's hill. Pentz, suffering loss of blood, drove to a hospital and other state policemen took up the chase, aided by citizens. They arrested the two in the mountains about two miles from the dump.

Captured Dumps Please All Excepting the 'Cabbage Kids'

By HAL BOYLE

With U. S. Troops in France, Sept. 19. (Delayed) — Every body in the American army is pleased with the supplies taken in captured German dumps except the "cabbage kids". That is the name one detail gave themselves after being assigned to remove a couple of tons of cabbage left behind by the precipitate Nazi retreat from the Paris area.

It was a warm, sunny afternoon and the strong, overripe cabbage made its presence widely known as the soldiers shoveled it into a truck.

The driver of the "red ball cabbage special" was T/S Hal F. Crouse, of Malden, N. C., who said he had already carted away one truckload and was bemoaning the fact that it was not a load of pistols so he could have stocked up on souvenirs.

"But you can't mail your friends a boxful of German cabbage," he said, leaning against a tire and holding his nose.

"The next time the Jerries move out I hope they take their cabbage with them — or make sauerkraut out of it," said Pvt. Meyer Matluck, Bronx, N. Y.

"Well, shovelling rotten cabbage may seem rough to you guys," said T/S James F. Beale, Terre Haute, Ind., "but I had to spend more than 32 months in Iceland. I used to say I would shovel anything — even German cabbage — rather than be in Iceland."

Another unusual job for soldiers was performed by army engineers who built three ferries and operated a passenger service for troops and vehicles across the Loire.

All bridges had been knocked out by Allied planes or blown up by French maquis to trap German forces in southern France.

Ferry vehicles were made by putting pieces of treadway bridging across six assault boats lashed together. They were powered by small outboard motors whose efficiency amazed French farmers. They couldn't see how such a little putt-putt gadget could work so well.

The ferries were promptly named the "42nd St.", "Brooklyn" and "Hoboken."

"We can take a ton and one-half ambulance across," said Corp. Michael Suprock, of St. Clair, Pa. Their most "distinguished" passenger was major Gen. Erich Elster who surrendered the last 20,000 enemy troops south of the Loire. But his 20,000 troops walked across a bridge which had been repaired and put into service soon after.

The engineers who built and maintained the unusual ferry service included T/S Paul Koskosh, Minooka, Pa.

Sylvania Had Record Spread For Year 1944

An average monthly payroll of over \$2,500,000 for the first six months of 1944 is announced by Sylvania Electric Products Inc. in the September issue of its company magazine, THE BEAM. This is an all-time record for the company.

Out of six months' sales of \$40,320,350, \$20,125,262 was spent for materials, rent, phone, power, etc. Of the \$20,195,088 balance, \$16,134,929 went for payroll, \$3,211,051 federal income taxes, \$464,869 for dividends to stockholders and \$384,239 reinvested in the business. At the end of the period, as contrasted with a year ago, total capital invested in the business was \$18,938,542 against \$14,312,189, and the number of common shares outstanding were 1,005,000 in 1944, against 854,474 in 1943.

The six months' statement included operations for June, 1944, of Colonial Radio Corporation, a wholly-owned subsidiary of Sylvania since May 26, 1944. The company has more than a score of plants located in New England, Pennsylvania, West Virginia and Kentucky.

Potato Plot Digging Set For This Week

County Agent O. C. Tritt has sent out a self explanatory letter to scores of folk in the county who are interested in potato growing in this section. The digging will take place and all in attendance can see the demonstration and its results. The letter follows:

Dear Sir:

This year we have a potato variety demonstration planted on the farm of Harry Long, Pittsfield.

On Wednesday, October 4 we are planning to dig these varieties. John Dickey and Dr. Burke will be here to assist with the checking and to discuss the merits of the different varieties.

At 1:30 p. m. we will have a meeting to give the growers an opportunity to see these potatoes as they look when they come out of the ground.

The varieties used in the demonstration are: sequoias, sabagons, mohawk, menomino, potomac, russett, and katahdin. The monemino and potomac have looked especially good during the growing season.

You will surely want to see these potatoes as they are dug.

TIMES TOPICS

COUNCIL MEETS WEDNESDAY

The regular October meeting of the Town Council will be held Wednesday evening instead of tonight. This postponement is due to the fact that bids for the resurfacing of the runway at the airport will be opened. The bids were advertised following the last regular Council meeting and 30 days must elapse before they can be opened hence the postponement.

CIVIC CLUB MEETING

North Warren Civic Club members will hold their regular meeting in the community house at eight o'clock this evening. The volunteer firemen of the community will have charge of the program and will present some material concerning National Fire Prevention Week, October 8-15. After the business session and program are adjourned, the committee will serve refreshments.

ELECT UNANIMOUSLY

Students of Warren High School and Beatty Junior High School have voted unanimously for attendance at the weekly Wednesday session of the weekday religious education classes conducted by the Warren Council Weekday Religious Education in cooperation with school authorities. In previous years those students not electing this study were assigned to citizenship classes for a like period of time weekly. This term, however, the religious education class were elected one hundred per cent.

Firemen Get Out and Find Fires To Fight

Firemen at the various stations about town in the past have had fires driven to the doors of the stations ready for them to extinguish, but Saturday the men of the Central station went out and discovered a fire. After dining at noon on a boiled dinner of beef and — the boys walked out the back door to stretch. From windows in the basement of the building formerly occupied by a restaurant they saw smoke. It rolled out in goodly volume, so the boys went over to investigate. In the basement on the wood floor a large pasteboard carton was burning merrily, sending out plenty of smoke. Further investigation showed the front door open. The fire was extinguished, the door locked and the owner, Mel Anderson, notified.

In the afternoon the firemen had a call to D. Colocino's grocery on Pennsylvania avenue, east. A chimney which has burned out many times before was on fire and it was reported as having been burning for about two days. With alacrity and snail weights on a chain the firemen massaged the soot from the inside of the chimney and called it a day.

There was no loss in either fire.

TIMES TOPICS

TO COLLECT CLOTHES

Churches throughout the country have been asked to collect warm clothing for the destitute peoples of Europe. Men's, women's and children's used clothing and shoes, all in good condition, and warm blankets are needed.

In Warren several churches have volunteered for this task and garments may be left at the First Methodist, Grace Methodist and First Presbyterian churches all this week, Monday through Friday.

CITIZENS COMPANY

Citizens Hook and Ladder Company members will have their regular meeting at eight o'clock this evening at the Central Fire Station.

HAD FOREST FIRE

At 1:05 Saturday afternoon the fire crew of the Department of Forests and Waters was called to fight a rubbish and grass fire on the Academy lands, west of the city. About two acres were burned over before the fire was quenched.

CAME TO HOSPITAL

A group of nurses from hospitals in the eastern part of the state arrived in Warren last evening to take a special course at the Warren State Hospital. In the group were a number of Cadet Nurses. A special bus was provided at the station to transport the girls to North Warren.

FARMERS ATTENTION

Attention of men working on farms is called to the need for men in the industries of the community. There are many men who should be available as soon as the rush of fall work on the farms is completed. They are asked to call at the United States Employment office and they can be used during the winter.

SUCCOTH FEAST

Hebrews of Warren with those of the faith throughout the world are celebrating the Feast of Succoth during the nine days October 2-10 inclusive. The observance is of ancient origin when every Israelite was compelled to dwell in booths when they journeyed out of Egypt and it was also the practice in Palestine where the short harvest season required speedily gathering of the fruits. Today, the festival is observed as a feast of Thanksgiving and harvest feast. Many families erect booths for the period and it is also customary to place the booths on the premises of the synagogue where a reception is held after the services.

Toads may be distinguished from frogs by the absence of teeth and roughness of skin.

Organization Problems For War Fund Drive Progressing

Can Warren County raise \$88,700 between October 16 and October 26?

That is the question now confronting the heads of the Warren County United War Fund, who have charge of the campaign to be conducted during that ten-day period. Of the \$88,700, \$39,000 will go to the National War Fund for the support of welfare agencies all over the world. The balance of \$49,700 remains at home to carry on the work of the borough and county organizations which formerly received support from the Community Chest; and to administer the work of the Warren County Fund itself.

Organization problems are rapidly being solved in preparation for an all-out attack on quotas the moment the opening gun is fired. Edward W. Johnson, General Chairman of the Warren County United War Fund, states he is getting good reports from the chairmen of the many divisions of the campaign. Section chairmen are all enrolled and the work of enlisting captains and workers is proceeding according to plan.

Division A, which has charge of organizing the Industrial Plants and securing Special Gifts, is com-

plete and is composed of C. T. Conarro, Chester S. Allen and H. N. Elmqvist, chairman; T. L. Armstrong, H. W. Conarro, Don Conway, T. K. Creal, Robert Dunham, Horace J. Harvey, Byron Knapp and Edward C. Walker.

Division B, which will confine its work to the Commercial solicitation in the Borough, is also complete with captains as follows: E. H. Ley and B. V. Lesser, chairmen; E. M. Branch, G. S. Frantz, P. E. Klesbauer, G. G. Lind and A. H. Templeton, team captains.

Mrs. Richard G. Dawson, chairman of Division C, the residential solicitors, held a meeting with her section chairmen and discussed plans and names for their captains and workers. The section chairmen are: Mrs. Herbert P. Stone, Mrs. Edward C. Walker, Mrs. Harold W. Blair, Mrs. Arthur J. McDonald, Mrs. Chester S. Allen and Mrs. Guilford C. Jones.

The Government and School Employees Division, John G. Rossman, chairman, reports the following: For Federal Employees, Rodney F. Hemingway; for State Employees, Foresten H. Milenius; for county employees, Donald E. Schuler; for Borough Employees, Calvin W. Barwis; and for county schools' employees, Roy L. Blair.

Special Recruiting Team For WACS to Be Here This Week

To interest women of Warren in the Women's Army Corps, and to stimulate enlistments in this component of the Army, a special recruiting team will be in the city from October 2 through October 6, with offices in the YWCA, coming directly from WAC headquarters in Pittsburgh.

The special team is headed by Capt. E. Morgan Winant, Sr. WAC Officer for Western Pennsylvania, and includes Capt. Albert W. Lathrop, recently returned from overseas duty with the antiaircraft

officer of the Pittsburgh office, Lt. Gilbert Schwartz, Air Forces, Lt. Mary A. O'Connor, Commanding Officer of the Erie WAC office, and Lt. Esther Potts, Erie recruiting officer.

With them is arriving a staff of men who have served in various branches of the Army in all theaters of war, and who have received decorations ranging from the Purple Heart to the Air Medal.

Over 300 Attended Church Institute Held At Youngsville

Youngsville, Sept. 29—Nearly three hundred were in attendance Wednesday Sept. 27, at the Erie Conference Fall Institute and Rally of the United Brethren church held in the Youngsville United Brethren church. This is one of a series of Erie conference institutes held during the week; with the entertaining churches Erie, Deckards, Youngsville, Bradford and Buffalo First.

The Wednesday Institute and Rally included Youngsville and Chautauque Districts. The 1:30 program opened with Mrs. I. G. Hunsberger presiding with speakers Mrs. I. G. Hunsberger, Dr. Mabel I. Silver of Sierra Leone,

West Africa, Dr. S. Paul Weaver, Conference superintendent and Rev. I. G. Hunsberger.

Two hundred and fifty or more people were served at the Otterbein Guild Fellowship hour to a delicious roast beef dinner at 6 p. m. by the ladies of the local church. A free will offering was given by those partaking of the dinner, but no charge was made.

Dr. S. Paul Weaver presided at the 7:30 p. m. session opening with Scripture reading and prayer, Bert Peterson and Miss Treva McKinny were the evening song leaders. Special music by the Youngsville church was a number by the male quartette consisting of Dallas Haight, Stewart Smith, George Kay and Plummer Mourer with Miss McKinny accompanist.

The address of the evening was given by Dr. Mabel I. Silver who told of medical work and spiritual teaching which she conducts and supervising which ministers to around 50,000 natives each year. The generous collection taken is to be used for a refrigerator for the work in Sierra Leone and for the erection of a mission hall at Camp Findley.

Moving pictures some of them in colors were shown of various gatherings at Camp Findley and a few from Home Missionary Field in the Kentucky mountains.

Large delegations were in attendance as well as the pastors of the churches in the two districts. Jamestown and vicinity and Warren were well represented.

Sustained Stand By the Nazis Is Rude Shock To Doughboys

With American Troops in Germany, Sept. 24—(Delayed)—(P) The sustained stand being made by Nazi armies at the borders of Germany is a rude shock to the average G. I. Joe and for the first time in almost three years of war he is getting a real front line peep against the enemy.

In Tunisia, Sicily, Italy and France, American soldiers have fought with valor and success against opposing forces they despised—or some times reluctantly admired—but rarely hated. The war to them was something of a deadly game rather than a personal vindictive passion.

They didn't hate the Germans as did the British and the Russians because their homes had not been bombed and their relatives killed by Nazis. And when they took their first big batches of yellow-haired Germans and saw no horns growing out of their heads, their first reaction was "why, hell—these guys are just like us."

Now, they are beginning to realize that, while the German soldier may look like the guy they drank beer or shot pool with back home, there is a great difference

in the ideas and ideals he lives by. "Once we drive them back to their own country they'll come to their senses," has been the thought and consolation of most soldiers ever since invasion day last June. "Then we'll have a walkaway parade to Berlin and the war will be over. They will never fight in their own country."

But they are. And it's making the American soldier madder, tougher and more anxious to smash through to Berlin every day. Many of these combat troops have been overseas for two years or more and secretly had hoped their reward for a quick victory might be to return home by Christmas. Now they realize that is an outside chance and they are uncomfortably aware of the possibility that the European war may well last through a cold and forlorn winter.

"The American dogface is a poor hater," said Sgt. J. D. Peel of Geneva, N. Y., "but the apparent willingness of the German leaders to drag their country down with them has put the American troops in no mind to accommodate them. Every bomb or shell—Ger-

GIANT MUSHROOM

"Bill" McKittrick has the prize puffball mushroom of the season on display at the Elks club Saturday night. He picked it at Starbrick and it measured over 36 inches in circumference. The "ball" was edible as Devere Kirberger and others sampled it and reported for work this morning.

GETS ATTENTION

Sign painters along the streets always come in for their fair share of attention from the passersby but the uniformed young women engaged in putting a new coat on the A. and P. Super Market sign on Saturday evening were the object of unusually close scrutiny.

FIRE CHIEF DEAD

Warren firemen have learned with regret of the death of John Valentour, 62 fire chief in Kane for 26 years and a former tax collector. He passed away Saturday after a protracted illness in the Kane Hospital. Valentour was widely known in this end of the state for his activities in movements pertaining to firemen.

TRUCK WON ATTENTION

A big 18 wheel truck and trailer from the Middletown Air Base at Middletown attracted much attention here Saturday. It was on the way to carry to pick up an advanced trainer plane which was wrecked near there when a forced landing was made. The big truck handles all crashed planes in this area and with its crew can handle almost any type of wrecked plane.

PLANNING MEETINGS

Warren Lodge, Loyal Order of Moose, will resume its winter schedule of two meetings per month, on the first and third Wednesdays. Arrangements are being made to serve the customary lunch following the business sessions. Secretary Walter Kiser is also arranging for some special activities. The October meetings will be held on October 4th and 18th.

IS IN HOSPITAL

Robert C. Petty, of Youngsville, has returned from Rochester, N. Y., where his father, Isaac M. Petty, 45, of East Rochester, is a patient in the Highland Hospital. Injured in an accident last Saturday evening, he is reported by his son as recovering satisfactorily. He will be out of the hospital in a week or so, barring complications, it is stated.

HURT IN ACTION

Mrs. Sara Ann Wise, a nurse at the Warren General Hospital has received word that her husband Major William D. Wise, Jr., who went into Federal service with the induction of the local units of the Pennsylvania National Guard, has been wounded in action. He was wounded in battles in Luxembourg and suffered wounds in both arms and one leg. He wrote a letter with his left hand and gave assurances that he was "all right" and advised his wife "not to worry."

Ask For Mr. Smith

TO AMERICAN WOMEN ASKING—

"Will Defeat of Germany Lessen the Need for Saving Used Fats?"

—THE GOVERNMENT ANSWERS "NO!"

LEE MARSHALL

ON THE contrary, Mrs. America, the need for saving used cooking fats will be as great or greater than ever.

Victory over Germany still leaves the Japs in possession of the Dutch East Indies, the Philippines and Malaya—countries from which we formerly imported about one billion pounds of fats and oils each year.

Even victory over Japan will not ease the situation immediately. Not for a year or more can these areas be brought back to pre-war production levels.

In the meantime, the need for your used fats will be as acute as ever for these reasons:

1 Even after European victory, we still have Japan to beat. Vast supplies of ammunition, medicines, parachutes, rubber boats, soaps and other battlefield essentials must keep on going to our fighting men in a steady stream. These all require fats to make.

2 We must help in the rehabilitation of liberated countries, such as Greece, Norway and the Netherlands, with medicines, machinery, etc.

3 Many factories now producing for war will turn to manufacturing the civilian goods we need so urgently. These factories will consume vast quantities of industrial fats.

American farmers are doing everything possible to build up domestic production of fats and oils. But during the next 12 months, because of a smaller hog kill and reduced yields of some oil-seed crops, we expect that approximately a billion-and-a-third pounds less of fats will be produced.

Need Greater Than Ever

Therefore, more than ever, salvaging used cooking fats is an important resource on which the country must continue to lean in order to tide us over.

Saving used fats is not a glamorous task. It takes effort. But it is one that only you, the American housewife, can perform for the country. We ask you to continue the wonderful job you are doing to help speed final Victory.

Lee Marshall

Hoff's Plans Fed. Income Tax Course

Considerable interest has been shown in the Federal Income Tax Course scheduled to begin tomorrow evening at 7 o'clock at the Hoff Business College. Many local business houses have been invited to send employees, and indications are that several will take advantage of this opportunity.

The text book is the famed "Federal Tax Course" published by Commerce Clearing House. This is a large, loose-leaf, up-to-the-minute volume, and is widely used as a reference book in preparing income tax returns. Through a special arrangement with schools, it is made available to students at a fraction of its usual price.

While the textbook covers all phases of Federal taxation, the present Evening School course will be limited chiefly to an intensive treatment of Income Taxes as they affect individuals and partnerships. It will deal with the Tax Laws and Rulings, taxable and exempt income, allowable and unallowable deductions, surtax and normal tax exemptions, etc. Special emphasis will be given to the computation of tax and preparation of returns, using actual forms.

Another feature will be a study of the 1945 Withholding Tax provisions, and the preparation of Form W-2 (Revised), which every work employer must furnish his employee before December 1 of this year.

Mr. Hoff stated that the Federal Income Tax Course, is planned so that even those who have had no previous experience will be able to correctly prepare most individual tax returns. Students

who have had experience before will have the opportunity to become familiar with the radically different provisions of the new laws. As previously announced, the instructor will be Clarence O. Swanson, local public accountant. Further information may be had by phoning the College, 527.

Classes are scheduled for Tuesday and Friday evenings from 7 to 9 o'clock, and all sessions will be completed before the Christmas Holidays. This will give students maximum opportunity to make use of their training immediately after Jan. 1.

Coppers Had Quiet Time Last Weekend

Aye, mates, it was a quiet time. The coppers had little to cause their blood pressure to rise and there was only one argument that caused them to exercise their judgment. This was in one of the beer gardens and the best that can be said was there were no politics involved.

Anthony Depto' reported that some one had broken the aerial and windshield wipers on his automobile, which was parked on Pennsylvania avenue, west. No clue.

While percolating about the city, the coppers observed a few cars that were parked in the wrong direction, some that had been parked in driveways, and they distributed a few of their nice red tickets, which at lowest market quotations are worth one buck to Pa. Warren.

One girl hitch-hiker was picked up. She said that Jamestown was her home and that she yearned for the air of the hilltop, so the officers had a last glimpse of her while the bus pulled away for Jamestown.

So, all in all, it was not one of the old-time week ends with excitement galore and a motley crew awaiting a conference with Judge Greenland in the early Sunday hours.

Rheumatism Pains Stop in 7 to 10 Minutes

Prove it FREE

When a man has rheumatism as bad as that it is downright agony even to move and then he seems suddenly to regain complete freedom from pain, the chances are that he has learned the secret of MUSCLE-RUB.

Thousands of other people—by word-of-mouth recommendation—seem to have found complete relief through this new discovery. So far as the painful part of rheumatism, sciatica, lumbago, neuritis, lameness of muscles, bones and joints is concerned, you may forget it with the first application of MUSCLE-RUB. Relief actually comes in 7 to 10 minutes. Chronic cases and those usually severe will, of course, require continued treatment for a while, but isn't it wonderful that the relief you see is now so easily obtained?

You no longer need to dose the system with violent or nauseating drugs. The treatment is applied directly to the part affected—externally. You literally feel the pain leaving.

And just see what others—sufferers just like yourself—say about this wonderful preparation.

MUSCLE-RUB RELIEVES PAINS AFTER SUFFERING TWO YEARS
I am writing this letter to let you know how well pleased I am with your MUSCLE-RUB. I have spent a great deal of money trying every kind of remedy and nothing has helped me until I was told about your remarkable MUSCLE-RUB. I have used it, of the large bottle and obtained mighty good results. This is the first time in two years that I have been relieved from pain. We wouldn't be without a bottle of MUSCLE-RUB in our home. Wm. Hefflinger, Jr., No. 1—Liberty Centre, Ohio.

ENTIRE FAMILY PRAISES MUSCLE-RUB
I have used your MUSCLE-RUB remedy for my Neuritis and obtained wonderful results. My family has also used your MUSCLE-RUB for various aches and pains and they all praise your remedy very highly. Mrs. Louise Guyon—138 Heister St.—Norwalk, Ohio.

DRUGGIST RECOMMENDS MUSCLE-RUB FOR RHEUMATISM
Your MUSCLE-RUB was recommended to me by our Druggist for Rheumatism. After many years of severe torturing pains, I am mighty happy to write you that your remedy was really a God Send. This is the first time in many years that I have been able to rest peacefully without pain. My sister has also used your MUSCLE-RUB for a bad sprain and it has given her satisfactory results. I am indeed very grateful to have learned of your remedy and recommend your MUSCLE-RUB very highly. Colonel M. Livingston—1520 Pine St., Phila.

Erie Man Aids Men and Women Suffering From Foot Troubles

It is said by some that miracles are being performed these days by F. McClenathan for those suffering from foot ills. Mr. McClenathan, at his home on the Williams road, R. D. No. 5, North East, Pennsylvania, a former Erie shoe manufacturer, has developed a process for making casts which can be used in shoes, enabling the sufferer to walk straight and normal. Since 1935, Mr. McClenathan has made casts for over 600 persons in all sections of the country, from a fifteen months old baby, born with club feet, to an eighty year old doctor, a victim of a stroke, who was able to walk again for five years until his death.

Word of the work that he has been doing has gradually spread over the nation until hardly a day passes that one or more persons do not seek him out in his country home to obtain what he calls "ROMAC CASTS."

"The best way I can describe what I am doing," he said yesterday, "is to say that I make out of minimum a cast which makes the foot straight and normal at all times, regardless of the make of shoe that is being worn. And you might look through these hundreds of letters which I am constantly receiving to prove that I am bringing relief and comfort to hundreds of persons who are suffering from foot trouble."

"Doctors and Nurses recommend this foot care to patients and friends."

"I straighten feet and make them normal, which is a benefit to people with weak feet, flat feet, club feet, broken legs, rheumatism, crooked feet, stroke, arthritis, spur heels, old age, infantile paralysis, varicose veins, nervous breakdown, calluses, diabetes, numbness—for those who need foot care, those born with foot weakness, after sickness and operations."

"ROMAC CASTS" make a regular shoe correct last fitted like a tailor made shoe—keeping the feet straight and normal at all times."

Mr. McClenathan is now making appointments and individual foot analyses. He makes no charge for examinations.—adv.

Second Auxiliary Is Making Plans for Many Activities

Following a recess of two months during the summer, the second auxiliary of the First Presbyterian church resumed its meetings Friday afternoon in Memorial parlors. Miss Gertrude Slater gave a splendid talk on "Faith and Action" and told of the Spiritual Life meetings to be held each Wednesday morning at ten o'clock beginning October 4 and continuing for six weeks.

Mrs. R. E. Sires spoke of "Social Education and Action", describing the work being done among young people of our own community and giving a brief summary of the plans for the PAC in the coming months.

Announcement was made concerning the call received by all churches in the country for used, but good, warm clothing for shipment overseas and persons wishing to share in this mission activity were asked to bring their articles to the Craft room Monday through Friday of this week. They will be prepared for shipping by Mrs. F. A. Beardsley and Mrs. H. C. Warren.

Attention was called to the Presbyterian meeting for the eastern district, to be held at Kane on October 12; also for the joint meeting and dinner to be held by the Arbutus Auxiliary, Lotta Dunham Auxiliary and Second Auxiliary in the local church on October 20, when the speaker will be Mary Donaldson, missionary to China.

Following adjournment of the meeting tea was served by Mrs. M. R. Overturf, Mrs. Ralph Brasington, Mrs. J. A. Jones, Mrs. W. R. Kopf, Mrs. Ralph Sires, Mrs. Harry Smith, Mrs. John Sonne, Mrs. R. W. Stone, Mrs. E. W. Wiggins and Mrs. Paul Arnold.

IN SERVICE

Carl Thomas Has Promotion In England

From an 8th Air Force Liberator station in England comes the news that Carl R. Thomas, Warren RD 3, has been promoted from private first class to technician fifth grade. The report comes in the form of an announcement by Col. Lawrence M. Thomas, commander of a B-24 Liberator group operating from an American heavy bomber in East Anglia.

T/5 Thomas, brother of Guy Thomas, also of Warren RD 3, arrived overseas in December 17, 1943, and has been engaged as an armament welder.

He is a member of a bomber group which was recently cited for outstanding performance of duty in 100 combat missions. Attacking during a period of five months, 42 targets in Germany and 58 targets in occupied territory, this unit dropped 4,000 tons of bombs against vital enemy installations and contributed materially to the success of the aerial war. The gunners have taken a toll of more than 30 enemy fighters.

Thomas was engaged in farming before he entered the army on September 1, 1942, at Erie. He attended the Normandy ordnance auto school at San Antonio, Texas, and the Santa Anita ordnance training center.

LOCAL MEN ARE WAITING ASSIGNMENT

Word is received today from the army ground and service force redistribution center at Asheville, N. C., that several local men recently returned from overseas have been assigned there for their ten-day wait for reassignment orders. They are Pfc. Robert C. Beach, of Warren, and Pfc. Carl L. Winger, of Tiona, from the Mediterranean theatre; Sgt. Lawrence P. Snow and Pfc. Claude G. Burroughs, both on Warren and both from the European theatre.

Pfc. Winger, wearing the Purple Heart decoration as well as his theatre of operations ribbon, was accompanied to Asheville by his wife, Mrs. Burroughs remains here with her husband's parents while he is in service.

Lieut. (j.g.) R. E. Lowe, of the navy medical corps, is spending a brief leave with his family in Pleasant township enroute from Colomons, Md., to a new assignment.

Personal Paragraphs

Miss Mary Hudock, of Niagara Falls, is home for a few weeks to visit her parents, Mr. and Mrs. George Hudock, 23 Swiss street.

F. C. Jennings, of Tucumcari, N. M., who spent the weekend renewing acquaintances with former Warren friends, left Sunday for Erie enroute to St. Louis to see the World Series games.

Melvin E. Parkhurst who was well known for many years in the city of Warren having been associated with the Darling Jewelry Company, is now associated with Conrad's Jewelers in Erie, as manager of the watchmaking and jewelry repair department.

Mrs. Meyer Kornreich spent Sunday with relatives in Ludlow, where she was called by illness in the family.

Mr. and Mrs. H. J. Long have moved to Ridgway where they will make their home at 126 Center street. Mr. Long was employed by the Pennsylvania Railroad here.

Mr. Kleschauer, of the Turner Radio Shop who is a Bendix Automatic Home Laundry Dealer has just returned from a Bendix Dealer Meeting in Erie, Pa., on September 27. Mr. Kleschauer said that this was one of the most important meetings that he has ever attended because of the short time which will elapse before he will be able to deliver Bendix Autos.

Lions Thank Townsfolk For Buying Daisies

The Warren Lions Club has asked the Times-Mirror to express publicly its appreciation for the community's response and cooperation in its annual "Daisy Sale" conducted on the streets of the borough on Saturday.

The same expression of gratitude is extended the people of Youngsville, where a similar sale was in charge of the school nurse, Miss Eileen Carr.

Locally the sale was conducted by the Weebluns Club, high school girls, and while not quite so successful as that of last year, will provide a sizeable sum for the club's work among those who need glasses, operations or other eye care.

The club especially appreciates the response of the Sylvania Electric Products Company, which permitted the sales force to place a Daisy Sale collection can in its building to aid the fund.

Dragons Tip Oilers 13-9; Brownies Clinch AL Flag

Victory Caravan Reaches Number 5; Adams Injured, Out For Rest of the Season

The Dragon victory caravan hit number five Friday night at Mitchell Avenue Field in Oil City when a confident and powerful Dragon crew distinctly outplayed the Oilers for a fourth point, 13-9. Both clubs played outstanding ball, the Oilers showing aggressiveness only in the second half.

It was the Warrenites fifth win in six starts, Oil City dropping their third straight. The kick-off to the local boys took the pigskin to the Oilers and then down to the 10 where they were stopped as a result of a holding penalty. The Warren boys had a great weight disadvantage which they showed in every phase of the contest.

The ending of the first half showed hot teams with a big zero to their credit, although the Dragons reached the Oiler one-foot line midway in the second quarter but were stopped dead by the lively Oilers.

Warren Turns on Power
The Dragon power streamed forth in the third canto when the locals marched 77 yards in 16 plays to cross the goal for the first score in the game. The Dragons kicked to the Commodore for the half and Oil City was forced to return the ball to the Leidge charges who took the ball on their own 23 and marched

to the line, with George Lucia plunging from the one-yard marker to tally. Chuck Adams took the extra point, giving the Dragons a 7-0 advantage.

Coach Leidge's boys came back into the scoring column minutes later when an Oil City passer was unable to get out of a Warren linebacker's path and fumbled the ball, the Dragons recovering on the Oiler 12. On the following play, Warren's powerful Red Lee smashed through a ragged Oil City line to go the distance for the second score. The plunge for the point was incomplete, leaving the Dragons one in front, 14-0.

Adams Breaks Arm
Just before the Oil City score early in the fourth stanza, Chuck Adams, stellar right end for the Dragon machine, received a broken forearm. Adams has been one of the high school mainstays and is expected to be out for the remainder of the season.

On the next play after Adams' injury, Karns raced around right end for the Oil City score. The Oilers had previously kicked to the Dragon's George Lucia, who evidently touched the ball and an Oiler recovered to give Oil City the ball on Warren's 19 yard stripe. Oil City made the score 13-7 when Pearson droppedkicked the extra point.

The Oilers gained two more points after the Dragons had lost the ball on their own 23. The Oilers then started a passing attack, but were stopped when Red Lee intercepted an Oil City heave on the 1 stripe. In an attempt to get the ball out, Lucia's kick was blocked and Oil City received two punts after Lucia had fallen on the ball to prevent a touchdown.

The Oilers had control of the pigskin in the remaining portion of the last quarter but the wary Dragons prevented a score.

Next Saturday afternoon the locals travel to Falconer to meet Brad Bishop's proteges and to seek their sixth victory.

BEHIND THE LINES

Andy Butchko, stellar youthfulness really give Kane a battle. The center on the Sharon High basketball team last year, underwent an appendicitis operation recently. Andy and Nemantz will return this year. . . . Jake Pilder former Oiler manager in the Pony League and oldtime baseballer had several bones broken in his foot while at work on his first day after returning from the diamond circuit.

Don't forget the meeting of all interested cage fans at the YM tonight at 8 o'clock. Another entry in the 44-5 campaign is the prison-of-war camp at Marienville. . . . We were sort of surprised last evening when an interested fan called us to say that the Brownies had won the All token. A last day decision is one for the books. . . . The high school cheerleaders have developed a new "side and sither" technique. We noticed at the Warren-Oil City fray Friday p.m. that there was a considerable amount of booing on the part of some of the local bowlers. There really wasn't any need for it and it certainly doesn't help the high school's rep. Warren has always been noted for its sportsmanship, which is the best around. Let's not have it happen again. . . . The Conewango Club Bowling League gets off to an official start tonight at the club alleys. . . . Next Sunday at the Arcade Alleys the high school social club league starts. . . . Tonight's YM schedule includes Business and Young Men's classes and swimming instruction. . . . Big, fat, blustering Major Hoople came through with a 50 per cent average in last Saturday's predictions. 11 correct, 11 incorrect, and Alabama-Louisiana State score unknown. . . . Better luck next time Bob Jewell informed us last week that the Youngsville squad was 100 per cent better and that

Eagles won, 6-0. . . . This corner predicts that the Bradford seconds will take the Dragon crew by a score of 25-18. . . . Jamestown's meager 12-6 win over Lakewood Friday night showed that the Red and Green 2nds played most of the game. . . . One of Warren's ardent sport fans claims to have seen a red fox over the weekend. . . . Coach Brad Bishop of Falconer, spending his first year as head mentor of the Falconer eleven, will have a tough time trying to upset the Dragon applicart next Saturday. . . . All the opponents are now gunning for the winning Dragons. . . . Mike Bleech, former high school football star, is spending a ten-day furlough with his family. . . . We are sorry to hear of Emmy Morrison's sudden illness. Emmy has been active in local sports for quite a few years, playing with NFO baseball and basketball teams. We hope that Emmy comes through and can again get back into the sport world. . . . Morrison and Dick Geierich have applied for membership in the PIAA to referee football games. Tonight's game at Russell Field will be refereed by Doc Geretty, Harry Rosequist, and Chuck McLean. . . . The "real little Dragons" tackle the Youngsville 2nds and 3rds tonight at Wilder Field. . . . Falconer is reported to have thirteen returning lettermen on their grid eleven. With the loss of Adams this game should be a thriller. This corner's pre-game prediction: Warren 21, Falconer 12. . . . Tuesday the high school thirds journey to New York state to again meet the Lakewood seconds. The thirds took the Lakewood in their first meeting here. . . . On Wednesday the Dragon Varsity will scrimmage Bob Jewell's Eagles at Wilder Field.

St. Louis Browns Cop 5 to 2 Win Over Yankees to Clinch Third Wartime AL Pennant

By JOE REICHLER
Associated Press Sports Writer

America's third wartime baseball season ended yesterday with the St. Louis Browns winning their first pennant in the tightest race in American League history, a race not decided until the last out on the last day.

A 5-2 victory over the New York Yankees coupled with a Detroit defeat by Washington, 4-1, gave the flag to the Browns by one game, breaking a tie that had existed since Friday.

With all due credit to the Tigers for their amazing climb from seventh place on July 13, most

fans were pulling for the Browns, not only because the Sewellmen had never won a pennant but also because of their thrilling comeback after they had apparently dropped out of the running. Just three weeks ago, they had skidded to third place after having led virtually all season.

With Sigmund (Jack) Jaqueti hurling a six-hitter before 37,815 fans, the largest St. Louis crowd of the season, the Browns swept a four-game series from the Yankees, to climax a great stretch drive, during which they won 11 out of 12.

Emil (Dutch) Leonard, 34-year-old knuckleballer, who had not beaten the Tigers since Sept. 15, 1941, losing seven straight to the Bengals since, was the Tiger tamer hurling a four-hitter before a dazed crowd of 45,565 fans.

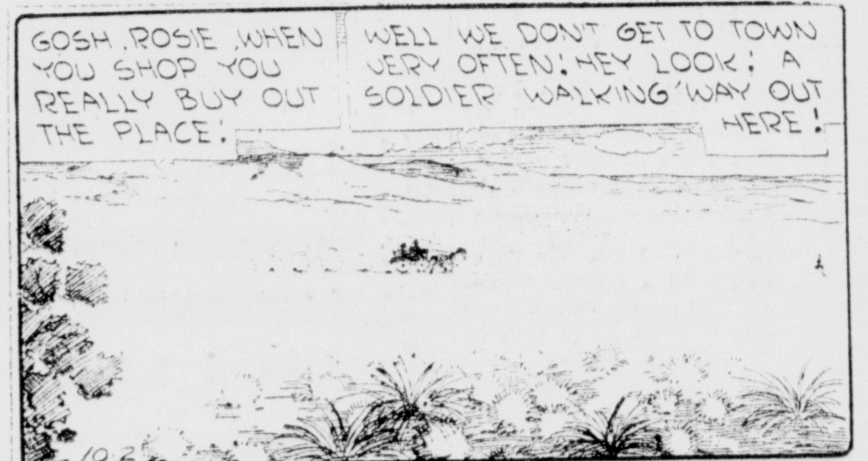

Dizzy Trout, who teamed with Hal Newhouser to set a new lively ball era record with 56 victories, made his second attempt in three days for his 28th victory, but suffered his 14th defeat instead.

Thus the Browns, who had finished as high as second only twice before—in 1902, their first season,

and in 1922, when they missed the pennant by one game—won the right to meet St. Louis' National League representative, the Cardinals, in the World Series opening Wednesday.

The Yankees failed in an attempt to win their fourth straight flag, dropping to third, the lowest in the Joe McCarthy regime.

MEN AND WOMEN IN THE SERVICE

Dr. John W. Larson, U. S. Medical Reserve, son of Mr. and Mrs. A. W. Larson, 17 Marion street, left Sunday for New York where he will intern in the U. S. Marine hospital, Staten Island. He has been visiting his wife and son as well as his parents.

Jimmy Burns, son of Mr. and Mrs. R. E. Burns, Pennsylvania avenue, east, who is attending the Maritime Academy, Long Island, arrived in Warren Sunday to spend a week's furlough. Before enrolling in the school he had served six months with the Marines in the south Pacific.

Jack Davis, seaman first class, is spending a short leave with his parents, Mr. and Mrs. L. P. Davis, Fourth avenue. He will return to Bainbridge, Md. before reporting to radar school in Chicago, Ill.

Personal Paragraphs

E. D. Wetmore, of North Warren, is in Warren for a short time. He recently returned from Santa Barbara, Calif.

Lt. Francis Ericason with Mrs. Ericason and their small daughter, Karen, are leaving tomorrow for Pensacola, Fla., where Lt. Ericason will be stationed.

YOU CAN'T RATION BRAINS

Unfortunately, millions of individuals never make all-out use of the brains that God gave them. The smartest man can't operate a lathe, read a blue-print, or design a bomber unless he has acquired TRAINING!

How about you? Are you "just as smart" as men making two or three times your income in better jobs?

You Gave Them Hope!

ONE of the biggest jobs the U.S.O. did last year was to carry a slice of home to our boys overseas. Traveling shows that gave to those fighting men the best talent and entertainment this country had to offer.

Bob Hope . . . Carole Landis . . . Joe E. Brown . . . Kay Francis. The top names of radio and Hollywood. Vaudeville and night club headliners. Singers, dancers, magicians, ventriloquists, comedians, swing bands.

Entertainment that gave them the chance to relax and remember what home is like. That's what your dollars helped make possible—in hundreds of overseas outposts.

★ ★ ★

It's hard to measure the effect this boost in morale had on all the gains we've so far made in this war. That it had an important effect has been acknowledged by our military leaders.

But most important, it helped relieve for a while the loneliness of millions of boys away from home. And that was certainly worth every dollar you gave.

★ ★ ★

The job isn't over yet. There are still millions of boys across the seas. We can't let them down now. That's why you're being asked to give again, this year—to give more than ever before. Much of your gift will be needed here to help servicemen's families, to help solve juvenile delinquency, to care for the needy. Much of your gift will go overseas, to war prisoners, to Merchant Seamen, to homeless refugees. Make your contribution today, through your local community drive.
